Create connections & develop your leadership skills

#WFA22 #AForceforChange

What are the mentees looking for in a mentor?

"I made a career switch about a year and a half ago, so I would like a mentor to help me better understand the food and ag industry."

"I would love to have a mentor that can help me navigate the ins and outs of the corporate world while balancing life as a new mom, especially in an industry that is male-dominated."

"I would love to be mentored by someone driven by innovation, a passion for animals and the environment."

Type of industries our mentees work in

100% of WFA mentees are female.
